

NATIONAL APPRENTICESHIP DAY 2025

Linemen are essential to the safety, reliability, and advancement of our nation's energy infrastructure. Linemen apprentices serve as the next generation of skilled workers dedicated to keeping our communities connected and powered. Linemen apprentices at Davis H. Elliot Company, Inc. undergo rigorous training; gaining vital technical skills, safety knowledge, and hands-on experience to maintain and repair the electrical grid, ensure safe and efficient energy delivery, and respond swiftly to power outages and emergencies.

The work of a lineman apprentice requires physical endurance, mental focus, and an unwavering commitment to safety. Linemen apprentices demonstrate remarkable dedication, resilience, and teamwork, contributing to the strength of our energy systems and the well-being of our communities.

The contribution of our linemen apprentices cannot be overstated, as they work tirelessly to safeguard lives, support economic development, and enhance the quality of life for countless individuals and families across the nation.

We honor and celebrate the hard work, commitment, and achievements of our linemen apprentices at Davis H. Elliot Company, Inc. Let us recognize their essential contributions to the safety, efficiency, and advancement of our nation's energy infrastructure.

Sincerely,

Don Adkins

Vice President, Safety, Training, & Risk
