Key ASE Expansion Strategies

- Ensure Registered Apprenticeships become interwoven throughout all industry sectors as a workforce training method.
 - Develop four new programs in South Dakota either utilizing industry associations or encouraging industry sectors to form a consortium. These programs must include high school credit and post-secondary credit components.
 - Provide financial assistance to new apprentices through on-the-job training, related instruction, and supportive services to a minimum of 315 individuals.
 - Help programs incorporate a collaboration among the South Dakota Department of Labor and Regulation required partners under the Workforce Innovation and Opportunity Act, post-secondary training providers, and secondary schools.
