Summary of program activities:

Provide core staffing to support, sustain, and build capacity of the infrastructure developed and the systems built under previous grants to advance the Registered Apprenticeship system as a workforce development strategy and post-secondary education career pathway. Support and develop integrated, statewide Registered Apprenticeship strategies and capacity to engage industry and meet the demand for new programs in both traditional and non-traditional industries. Build capacity to significantly increase Registered Apprenticeship opportunities, particularly to underrepresented populations, and to take steps to facilitate their successful start and completion of RAPs.

Subrecipient Roles: List all subrecipients and the roles (activities) they will fill on the proposed project.

Roles should be aligned to proposed workplan:

No subrecipients

List of credential(s) to be awarded:

USDOL Registered Apprentice Certification
