

American Apprenticeship Initiative Grant Award Summaries

Macomb Community College- Warren, MI

Macomb Community College was awarded a \$3.9 million grant to fund Michigan Apprenticeship Program Plus (MAP+). The project will target apprenticeship pathways in IT and manufacturing occupations. MAP+ will register a new apprenticeship in Digital Sculpting, an area with growing hiring needs in the auto industry, and will work with Federal Financial Aid and the United Auto Workers to find innovative ways to leverage funding to create more apprenticeship opportunities. The program will serve 600 apprentices, in the two largest metropolitan areas of Michigan.
