Key ASE Expansion Strategies

- Provide training to the apprenticeship specialists located in job centers.
 - Engage employers to promote interest in apprenticeship and complete the necessary steps to register employers as sponsors of apprenticeship in coordination with the federal Office of Apprenticeship
 - Work closely with Workforce Innovation and Opportunity Act (WIOA) career planners to quickly enroll new apprentices into WIOA formula programs to support related technical instruction costs, support services, and other needs.
 - Expand youth apprenticeship by connecting the learning needs of students with the talent needs of industry. Create public-private partnerships to increase youth apprenticeship opportunities.
 - Bring core partners together through Career & Technical Education, industry, labor, and education to discuss and explore the viability of a youth apprenticeship model.
