Registration Entity	Ohio Department of Job and Family Services
ASE Goals	800 apprentices, 30 new Registered Apprenticeship Programs

Key ASE Expansion Strategies

- Enhance information technology (IT) infrastructure to connect Ohio's Registered Apprenticeship system with Ohio's workforce system by modernizing the ApprenticeOhio website, integrating with the career portal and case management systems, and producing an annual apprenticeship report.
 - Exceed the minimum participant threshold, utilizing IT enhancements and the OhioMeansJobs offices to connect individuals with Registered Apprenticeship opportunities while providing support services.
 - Increase the pipeline of skilled workers, including underrepresented populations, to meet the demands of Ohio's employers through further integration with OhioMeansJobs system and IT enhancements.
-
