Key ASE Expansion Strategies

- Coordinate business engagement with industry sector coordinators and local business service representatives.
 - Screen apprentices, and make sure that each apprentice is aware of the services that are offered at their local American Job Center.
 - Start an apprenticeship incentive pilot for program expansion and new program creation.
 - Work closely with the local workforce board directors and business service representatives in each local area to engage companies that they are already partnering with, and that they believe would make good RAP sponsors.
-
