

Industry Intermediary

Early Care & Education Pathways to Success (ECEPTS), a project of Tides Center

Industry

Early Childhood Education

Approved Occupations

Early Childhood Education (ECE) Teachers (i.e., Associate Teacher, Teacher, Lead Teacher), Expanded Learning Program Leaders, PreK-grade 3 Paraprofessionals, and ECE Site Supervisors

Target Registered Apprentice Populations

Women and Minorities

Project Overview

ECEPTS will develop non-traditional Registered Apprenticeships for a diverse workforce that fill essential Care Economy roles that are traditionally underpaid and undervalued. ECEPTS recasts entry-level Early Care and Education (ECE) jobs as pathways to careers that provide competitive wages and career advancement in ECE.

Types of Services or Technical Assistance (TA) Provided

- Create and promote apprenticeships in non-traditional ECE occupations
- Incorporate attainment of ECE industry credentials into each Registered Apprenticeship (RA) programs' Related Technical Instruction (RTI) and On-the Job Training standards
- Facilitate access to career advancement opportunities and associated wage increases
- Collaborate with employer partners and industry subject matter experts to advance the development of RA programs
- Align RTI and pre-apprenticeship training to meet the requirements of successful RA entry

Key Partners

- Community Action Marin (CAM)
- First 5 Santa Clara County
- Kidango, Inc.
- MAAC
- YMCA of the East Bay
