Line Cook, Hotel Cook, Kitchen Manager, Maintenance Employee, Lodging Manager, and Restaurant Manager

Target Registered Apprentice Populations

Incumbent Workers, Youth, Displaced Workers, Women, BIPOC, and Veterans

Project Overview

NRAEF and American Hotel and Lodging Foundation (AHLF) sponsor the Hospitality Sector Registered Apprenticeship (HSRA) program. This alliance highlights the value of Registered Apprenticeship (RA) across all segments of the hospitality sector. Developing and validating competency-based career pathways and apprenticeable occupations in the hospitality and foodservice sector is the basis for this alliance. HSRA continues to expand to include the Multicultural Foodservice and Hospitality Alliance to develop and promote resources, webinars, training, and materials that enhance the industry's diversity and inclusion efforts. NRAEF has also established the Restaurant and Hospitality Learning Center (RHLC), which houses the NRAEF training programs designed to help restaurant owners and managers provide the resources needed to help train and guide their employees.

Types of Services or Technical Assistance (TA) Provided

- Training program graduates receive an industry-recognized credential
- Assist with program customization that will ensure alignment to national industry standards
- Connect organizations to a national network of customer services, expertise, and support
