DEFINITIONS FOR KEY TERMS

Registered Apprenticeship Sponsor: Any employer, association, committee, or organization that operates a Registered Apprenticeship Program. This entity assumes the full responsibility for administration and operation of the apprenticeship program. Sponsors can be a single business or a consortium of businesses. Alternatively, the sponsor can be a workforce intermediary, such as an industry association or a labor-management organization. Community colleges and community-based organizations can also serve as sponsors of apprenticeship programs.

Sponsors design and execute apprenticeship programs, provide jobs to apprentices, oversee training development, and provide hands-on learning and technical instruction for apprentices. The programs operate on a voluntary basis and they often receive support by collaborating with community-based organizations, educational institutions, the workforce system, and other stakeholders.

Graduate: An individual who successfully completed their Registered Apprenticeship. For this first cohort of Apprentice Trailblazers, an eligible graduate is an individual who completed at least a portion of their Registered Apprenticeship as a youth (ages 16–24) and has graduated from the Registered Apprenticeship within the past 3 years.
