Registered Apprenticeship101: Tools and Steps to Build and Sustain RA Programs

A foundational course that introduces stakeholders to the National Apprenticeship System and provides practical steps to start, join, support, or expand Registered Apprenticeship programs.

THE TRAINING IS DESIGNED FOR

Workforce partners, federally funded investment partners, education partners, Federal partners, Registration Agencies, sponsors, and employers

WHAT YOU'LL BE ABLE TO DO:

- **Make the case:** pitch Registered Apprenticeship as a proven workforce strategy that delivers results for employers, workers, and partners.
- **Know how it works:** the structure, key elements, and training approaches behind Registered Apprenticeship.
- **Never go it alone:** connect with national and local resources, workforce partners, and support organizations.
- **Fund it smarter:** tap into tools, funding streams, and incentives that can help you operate your Registered Apprenticeship program.
- **Find your fastest path:** to start, join, or expand a Registered Apprenticeship program.
- **Leave with a plan:** clear, role-specific next steps to engage with Registered Apprenticeship.
