Project Overview

RTI International will develop a pipeline of diverse Teachers and other staff in the education sector. The organization provides comprehensive and customized technical assistance (TA) to participating teams [employers, state agencies, educator preparation programs (EPPs), and other supporting organizations]. In addition, RTI International will increase awareness and promote Registered Apprenticeships in the education sector, and will engage participating teams to provide continued TA.

Types of Services or Technical Assistance (TA) Provided

- Develop and launch Teacher RA programs and Grow Your Own programs
- Provide internal researchers with expertise of innovative practices in RA, EPP, and DEIA
- Provide awareness of federal and state apprenticeship and educator certification requirements
- Identify implementation challenges and opportunities for applying RA programs in education
- Provide experts, resources, and access to opportunities for further professional learning, and coordinate groups of participants with similar roles in the education sector
