Youth Apprenticeship Intermediaries

- **Project Summary:** The Urban Institute and its partners are acting as intermediaries linking schools, colleges, employers, workforce development organizations, and other stakeholders to increase the quality and quantity of youth apprenticeships. Some of these apprenticeships will begin during high school, with most are expected to continue after high school and often include post-secondary education. All will meet OA standards as registered apprenticeships.

- **Key Partners:**
  - Institute for American Apprenticeships
  - Institute for Workplace Skills and Innovation – America
  - National Academies Foundation (NAF)
  - Opportunities America
  - Steve Hamilton

- **Industry Focus & Geographic Locations:**
  - California, Florida, Illinois, Kansas, Kentucky, Maryland, Michigan, Nebraska, Nevada, Tennessee,
  - Healthcare, Advanced Manufacturing, Insurance, Automotive, IT
  - Urban Institute and its 5 partners have been developing relationships with schools, school districts, state and local agencies, and nonprofits as well as selected employers in these states.
