Project Overview

As a national workforce development leader, Equus has demonstrated experience across five decades and every iteration of workforce legislation. Equus has contractual partnerships to provide workforce services in 33 States and Puerto Rico. We serve more than 1.9 million career seekers in programs such as Workforce Investment Opportunity Act (WIOA), Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program (SNAP E&T and SNAP E&T Third-party), Job Corps, and other specialized projects to serve underrepresented populations.

Equus is uniquely positioned to convene employers on a regional and national level. Through engagement with their program teams, community partners and State Apprenticeship Agencies Equus aims to expand Registered Apprenticeship Programs throughout the nation with a focus on increasing apprentice opportunities for underrepresented populations. DEI (diversity, equity and inclusion) practices will be a driver in the development of materials and communication. The informational sessions and technical assistance sessions will incorporate best practices for successful outcomes.
