Events at the Training Center!

Information Session & Campus Tour

11/18/2024

4:00 PM - 5:30 PM in MPR (Room 165)

Interested in the piping trades? Join us at Information Session! Learn about our registered apprenticeship in plumbing, steamfitting, HVACR and residential plumbing. Our staff will go over each trade track in depth, what is it like to be in a union, and the entry process for each trade. Attendees will also get an opportunity to meet current apprentices and take a tour of the facility.

Mental Health & Wellness Workshop: Internal PPE & Holiday Survival Tactics

11/19/2024

4:00 PM - 5:00 PM in MPR (Room 165)

Mental health and wellness is crucial in a demanding field like construction. With the fall/winter holiday season upon us, so is STRESS. Join us for a wellbeing workshop with Care for Construction where participants will learn about practical tips, tools, and tricks for not only surviving but thriving through challenging times. Come ready to learn, laugh, and level up your psychological safety skills. This event is free to all 393 members, the spouse/partner and adult children. Dinner has graciously been provided by UA Local 393 for all participants. All participants are eligible for a raffle prize sponsored by Milwaukee Tools.

Mental Health & Wellness Workshop: Internal PPE & Holiday Survival Tactics 2.0 with a Focus on Peer Support

11/20/2024

4:00 PM - 5:00 PM in MPR (Room 165)

Join us for a workshop geared toward psychological safety for peer supporters. Through active, authentic, engagement and group exercises, this session puts to use the tips, tools and tricks we advise others to use. 'Tis the season to support our supporters. This event is free to all 393 members, the spouse/partner and adult children. Dinner has graciously been provided by UA Local 393 for all participants. All participants are eligible for a raffle prize sponsored by Milwaukee Tools.

Women Advancing Construction (WAC) / Women in Apprenticeship

11/21/2024

3:30 PM - 4:30 PM in MPR (Room 165)

Are you a woman interested in the piping trades? Our women's committee Women Advancing Construction meets monthly at the Pipe Trades Training Center. The group was established as a support/professional network. Through solidarity and belonging the group hopes to empower members, foster mentorship, encourage allyship and give back to the community. In conjunction with Women in Apprenticeship, this month's meeting will be focused on outreach. This event is open to all women who may be interested in the piping trades. The women of UA Local 393 are happy to provide their insight and advice!

3rd Annual Apprentice Shirt Design Contest

11/21/2024

4:30 PM - 5:00 PM in Courtyard Lobby

Community involvement is vital for the union's cohesion, and the Pipe Trades Training Center is dedicated to organizing events that foster communal participation. Be part of the excitement as we reveal the winner of our 3rd Annual Apprentice Shirt Design Contest. Each fall, apprentices are encouraged to create the design for that school year's shirt. The design must reflect UA Local 393 and the Pipe Trades Training Center. The winning design will be featured on all our Training Center merchandise. New merchandise will be up for sale following the unveiling event.
